To Whom it May Concern,

RE: SB1383 - Title 14 Section 18993.1 Recovered Organic Waste Product Procurement Target

Our mulch products (see below) are sourced from 100% recycled organic matter (with a non-toxic colorant added) and meet the criteria established for compliance with regulation § 18993.1(f)(4)(A) which requires the mulch procured by the jurisdiction meet or exceed the physical contamination, maximum metal concentration, and pathogen density standards for land application specified in Section 17852(a) (24.5)(A)1. through 3. Furthermore, our mulches meet the criteria of regulation § 18993.1(f)(4)(B) in that the mulch is produced at one or more of the authorized operations or facilities defined in the regulation. The following products carried at our location meet the above criteria:

- 1) Black Mulch  
<https://www.beegreen.green/products/bark-mulch/mulch/black-mulch/>
- 2) Brown Mulch  
<https://www.beegreen.green/products/bark-mulch/mulch/brown-mulch/>
- 3) Red Mulch  
<https://www.beegreen.green/products/bark-mulch/mulch/red-mulch/>
- 4) Black Mini Mulch  
<https://www.beegreen.green/products/bark-mulch/mulch/black-mini-mulch/>

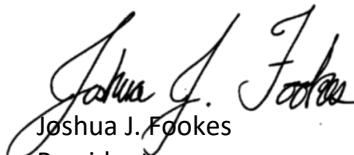

The compost products we sell which meeting the Procurement requirements include the following:

- 1) Compost  
<https://www.beegreen.green/products/soil-amendments/compost/>
- 2) Local Blend 50/50. (NOTE: only 50% by volume meets requirement)  
<https://www.beegreen.green/products/soil-amendments/local-blend-50-50-soil/>

Both compost products are sourced from 100% recycled material. The compost is 100% recycled organic matter and meets the criteria established for compliance with § 18993.1(f)(1)(A). The 50/50 Local Blend is only **50% compost** (by volume) meeting the regulation. The other 50% is screened soil (a recycled product) that does NOT meet the product procurement requirement. If ordering the Local Blend only 50% by volume can be used to fulfill Jurisdiction Procurement Target.

Feel free to contact me if you have any questions.

Kind Regards,

Joshua J. Fookes  
President
